# MaPS

The Media and Production Support (MaPS) team provide production training and support to students and staff in the School of Communication and Arts through workshops, face to face support and equipment loans.

## Workshops

MaPS workshops teach fundamental production skills using broadcast quality cameras and audio recorders as well as the Adobe suite of production software which is an industry standard.

\* Your lecturer may direct you to sign up for particular workshops, but you are also free to attend out of interest.

\* To sign up for a workshop visit <https://jactech.com.au>

\* We mark the role using an app, so you don't need to print your ticket

\* You need to complete either photography or video production before you can borrow the Canon 80D kits

\* Workshops run intensively for 1 hour 50 minutes - please ensure you can attend the whole workshop before booking

\* Places are limited so be sure you can attend before signing up. Sign up here: <https://jactech.com.au>

\* Failure to cancel a booking will result in blacklisting from future workshop bookings.

\* To cancel a booking follow these instructions <https://goo.gl/BTPue1> or google 'cancel free eventbrite ticket'

\* If you are more than 10 minutes to a workshop you will not be admitted as it is too difficult to catch up from this point.

## Face to face support

The MaPS team also provides one on one support to Communication and Arts students throughout the semester. If you are having trouble using equipment or software or if you need advice about your project, you can visit the MaPS studio in room 210, Level 2, Joyce Ackroyd Building #37 between 8:30am and 4:30pm Monday to Friday.
